

## Project Fact Sheet

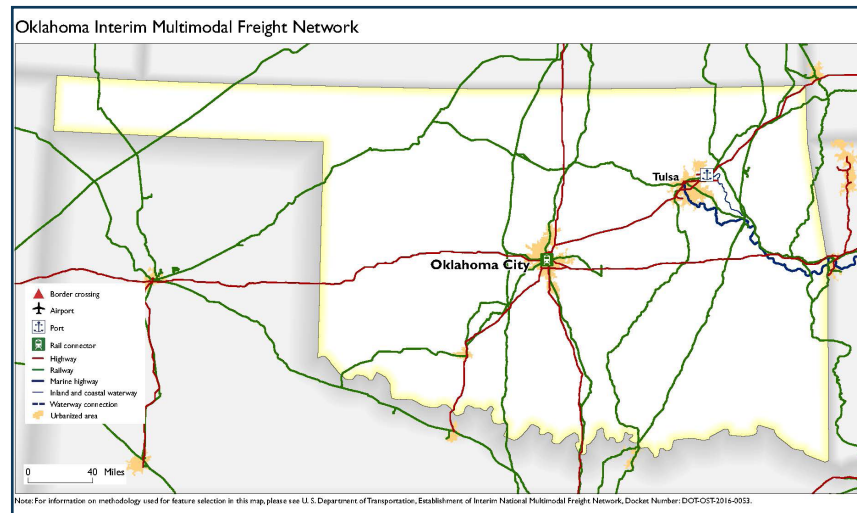

The Oklahoma Department of Transportation (ODOT) is proposing to update the 2018-2022 Oklahoma Freight Transportation Plan (OFTP). The existing OFTP was developed in 2017 and described freight trends, needs, and issues across the state of Oklahoma. The OFTP identified critical rural and urban freight corridors, and included policies, strategies, and performance measures to guide investment.

The 2023-2030 OFTP will include updated information on statewide population growth, economic trends, and infrastructure needs as they relate to freight. New sources of data will be employed and will inform the analysis of freight trends.

This plan will engage three main groups:

- The Freight Advisory Committee (FAC)
- Key private-sector freight stakeholders
- The general public

*ODOT's mission is to provide a safe, economical, and effective transportation network for the people, commerce, and communities of Oklahoma.*

### PROJECT PURPOSE

**The purpose of the project is to reassess Oklahoma's freight needs and identify any necessary changes to the 2018-2022 Oklahoma Freight Transportation Plan.**

### POPULATION GROWTH

Oklahoma's population in 2019 was 3.96 million<sup>1</sup> and is expected to

**EXCEED**

4.7 million  
residents  
in 2045<sup>2</sup>

Population growth is expected to be strong in Oklahoma City and Tulsa, the state's two large metro areas.

## STATE OF OKLAHOMA FREIGHT-RELATED INDUSTRIES:

- |                 |                  |               |
|-----------------|------------------|---------------|
| 1 Agriculture   | 4 Mining         | 7 Warehousing |
| 2 Construction  | 5 Retail         | 8 Utilities   |
| 3 Manufacturing | 6 Transportation | 9 Wholesale   |

## OKLAHOMA FREIGHT TRANSPORTATION PLAN GOAL AREAS:

Safe and Secure Travel

Economic Vitality

Efficient Intermodal System Management and Operation

Infrastructure Preservation

Environmental Responsibility

Fiscal Responsibility

Mobility: Choice, Connectivity and Accessibility

### Key Federal Requirements for State Freight Plans

2015 Fixing America's Surface Transportation (FAST) Act

2021 Infrastructure Investment and Jobs Act (IIJA)

### Project Milestone Dates (schedule is subject to change)

FAC Meeting #1

June 2022

Public Comment Period

June - July 2022

FAC Meeting #2

September 2022

Public Review of Draft Plan

September - October 2022

Final Plan Analysis Submitted to Transportation Commission

December 2022
